LEARNING ACTIVITIES AND METHODOLOGY

The aim is to actively involve students in the learning process so that they become familiar with the tools studied and understand both their usefulness and their limits. The master classes will introduce the theories and fundamental concepts, while the continuous evaluation will focus on the work with texts and on the students' own work of applied analysis of different social imaginaries.

The main objective of the course is to foster students' capacity for critical analysis.

ASSESSMENT SYSTEM

Questionnaires on the texts: 50%.

Exhibition of research work: 20%.

Monographic work (dossier): 30%.

In order to pass the course, each of the three items must have a minimum grade of 5.

% end-of-term-examination: 0

% of continuous assessment (assignments, laboratory, practicals...): 100
